REGISTRY CHECKLIST

Creating the registry of your dreams is as easy as 1-2-3
with these expert tips and recommended picks.

BE AN EARLY BIRD

Get your registry going ASAP! Your friends and family will want to send a gift as soon as they hear the exciting news.

DREAM AWAY

Give them lots to choose from. Pick your must-haves, and then add some more! Include gift cards in a few denominations, too, so you can purchase items you were hoping for after baby arrives.

PLAY THE PRICES RIGHT

Make it easy for well-wishers to buy a gift within their budget by applying the rule of thirds: About a third of your items should be under \$100, a third from \$100 to \$300, and the rest \$300 and up.
